625A2 Surface Mount Jack Assembly

Product Description:

The 625A2 is a surface mounted jack assembly, which consists of a snap-on cover and a base with an integral modular jack. Station wire access is provided by a slot at rear. By eliminating a center cover retaining screw, the design reduces installation time. Double-sided adhesive tape is included for mounting on baseboards, wall, and other flat surfaces.

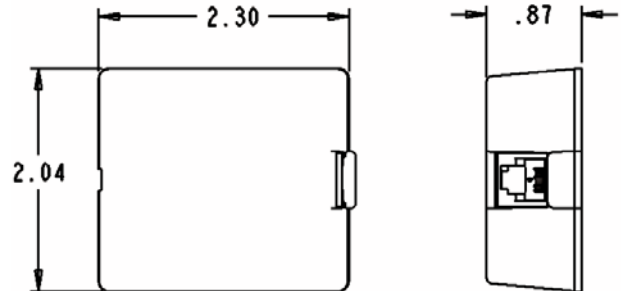

Features:

- * Snap-on cover and factory wired for quick installation
- * Double-sided adhesive pad included for versatile mounting options
- * USOC wiring
- * Meets or exceeds FCC Part 68 rules and regulations and UL 1863

Product Specifications:

Wiring:	USOC
Insertion Life:	1000 insertions
Housing:	UL 94V-0 rated
Contacts:	50 μ gold plated
Connection:	Screw terminals

Electrical Specifications:

Contact Pressure:	100 grams minimum
Insulation Resistance:	500 megaohms minimum
Contact Resistance:	100 milliohms maximum
Voltage/Current:	140 VDC @ 2.2 amps maximum
Dielectric Withstand:	1000 VAC, RMS, 60 Hz, 1 minute

Ordering Information:

Part Number:	625A2-4-xx
Item Description:	4-conductor, screw terminals, USOC wiring
Colors:	Ivory = (50), Electrical Ivory = (52), White = (85)
Packaging:	1 unit per bag/20 bags per carton
