Package Contents

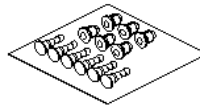

- Competitive module bracket
- Mounting hardware package
- User's Guide

User's Guide

Competitive Module Bracket

Mounting hardware

Compare the contents of your SAM-CMB with the checklist above. If any item is missing or damaged, please contact your local dealer for service.

2. Module Installation

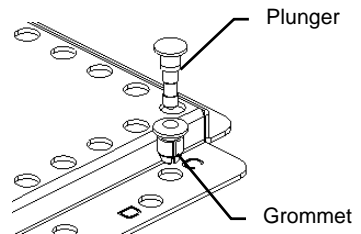

Enclosure configuration:

Follow the table below to assemble the SAM-CMB to fit your enclosure. Press the grommet into the mounting hole from the top of the bracket. Press the plunger into the grommet.

Note: once the plunger is inserted, the grommet cannot be removed without damage.

Verify that the grommets are in the correct mounting holes prior to inserting the plungers.

Enclosure Manufacturer	Mounting Holes
OnQ	B, C, & F
Leviton	A & C
Grey Fox	A & D
Open House	B & E
Channel Vision	B & E

Mounting:

Align the mounting pins with the grid holes on the back of the enclosure. With the mounting pin plungers in the “out” position, press the unit into the grid in the desired location, secure by pushing the plungers in.
